

Chairman's Report November 8, 2010

Private Improvements in Public Rights-of-Way

Pursuant to the Village Manager's Memorandum of October 28, 2010 and in light of resident and Board members' concerns regarding the issuance of permits for the private use of public rights-of-way, I recommend we consider holding a special meeting to discuss this area of the Village Code in more detail, including an interim temporary moratorium on the issuance of permits pursuant to Section 8-31 of the Village Code.

Tentative Topics for the Next Regular Board of Managers' Meeting to be held on December 13, 2010

- *SafeSpeed* Collections
- WSSC Presentation Regarding Scheduled Water Main Replacement Project
- Possible Adoption of Resolution No. 10-01-10: Amendment to Chapter 13 (Motor Vehicles and Traffic) of the Village Code to delete provisions which are redundant, unnecessary or pre-empted by State law and to amend Section 6-5 of the Village Code to reflect the new Section numbers and letters which will result from the amendments to Chapter 13.

Issues for Board Consideration Over the Coming Months

- *Comcast* Franchise Renewal
- Establishing a definition for rear yards on corner lots
- Responding to residents' concerns expressed through last year's Resident Survey
- Overseeing the Planning Board's establishment of a Sector Plan for and development in the Chevy Chase Lake area
- Resurgence of the Playspace Committee to determine if and where a playspace might be installed within the Village
- Establishment of guidelines for the review of special permit requests for the demolition of structures
